BOAT OF THE MONTH

2005 19' Fish Brothers Marine Barrel Back

Asking price \$61,145.00

Just off the production line, this is a brand new boat with zero hours and full warranty. This boat comes with 5.7 liter. MerCruiser V8 engine, blue faced gauges, banjo wheel, bugatti windshield, forest green interior and bottom paint. The boat comes on a single axle trailer with brakes and spare tire.

**Additional pictures below*

The above boat is in our showroom for your personal inspection.

OPEN HOUSE

February 12th – 10:00 a.m. to 4:00 p.m.

1. View 60-75 antique and classic boats all for sale
2. Special presentations –
2/12/2005 – Terry Fiest is an extraordinary gentleman!! He has developed the Mt. Dora show into what many feel is the best antique/classic boat show in the country. He owns a Chris Craft Cobra and will be chatting with us about Chris Craft Cobras. They are going to be the featured boats at 2005 Mt. Dora show. This will be the 50th anniversary for these boats and Terry expects 40-50 of them to show up!!
3. Socialize with fellow enthusiasts
4. Eats, drinks, and snacks

Are you tired of always having water “slosh” around the bilge of your boat? Are you concerned that if you leave your boat in the water unattended for a few days that maybe your battery will run down? Are you fed up with always putting a hose in your boat the day before using it to keep it tight?

The above concerns have been shared by many of us. After all, many of these boats with original bottoms are 60 years old. These bottoms were never designed to last as long as they have. In addition, I don't think any of the old builders of these boats thought that they would be placed on a trailer and hauled down a road at 65mph with outside temperatures in the 90's.

Obviously, a replacement bottom is the answer. At Antique Boat Center, we install the Smith/3M5200 bottom very much like what Don Danenberg recommends in his book. It takes us about 6 weeks to do the entire job, and what a pleasure when it's finished. You look in the bilge, and there is NO water!!

We encourage customers to not think of the installation of a new bottom as an expense, but rather as an asset. A properly done new bottom will increase the value of your boat by about what you spend to have the work done. You are increasing your enjoyment of the boat, without incurring an expense. Upon the sale, of your boat, you should receive back the amount that you spent for the replacement bottom.

Give us a call if you want a quote. We can have you on the lake this summer!!

Antique Boat Center

February is a great time to find that perfect boat. Our showrooms are filled with over 70 beautiful boats for sale. Visit us and discover the availability and perfect viewing conditions that you will find only at Antique Boat Center!!

Hot News-

The Century Boat Club has decided to hold their winter/spring annual meeting at Antique Boat Center. Meeting is scheduled for April 16, 2005. A similar event was held in early 2003, and a good time was had by all.

Event will feature several guest speakers and presentations along with the viewing of 65-75 antique/classic boats on display in our showroom.

Please contact us if you have questions or would like assistance in making hotel reservations.
