Mt Dora Boat Show 2004

Like always, the Mt. Dora show this year was full of great boats. A wonderful time was had by all!

RECLAIM THE ESSENCE OF YOUR WOOD BOAT!!

Now is a good time to invest money in your boat. It certainly beats putting it into the stock market. We can install a new bottom on your boat in 45 days!! We use the Smith/5200 system with the inner planking being plywood. We are also probably one of the only shops in the country with "up front" pricing on new bottoms - $600/foot plus materials. Additional frames, chine(s), and keel work done on a time and material basis. Give us a call!!
