NOVEMBER OPEN HOUSE FEATURING TONY MOLLICA

On Saturday, November 13th, we had the pleasure of having Tony Mollica visit us at our first 2004/2005 winter open house. For those of you who have not heard Tony, you are missing a wonderful experience. Tony has written four books on our hobby (antique/classic boats), and for this session he concentrated on Dodge boats and the people who built them.

If you haven't read Tony's Dodge Boats book, you are missing a very interesting and informative book. It is available through our web site www.antiqueboat.com for \$20.37 new or \$16.00 used.

Don't miss our next two open houses (January 15th – The Miklos boys and Century boats) (February 12th – Terry Fiest and the Chris Craft Cobras.)

Antique Boat Center

December is a great time to find that perfect boat. Our showrooms are filled with over 70 beautiful boats for sale. Visit us and discover the availability and perfect viewing conditions that you will find only at Antique Boat Center!!

Antique Boat Center is trying to be your "one source" for all antique and classic boat needs. We currently are the largest brokers and seller of these kinds of boats in the U.S.

We also have a fine repair/restoration shop with five employees who are very qualified in boat carpentry, finishing, mechanical repair/replace, upholstery/canvas, electrical work, chrome, and gauge work. All of our work is documented with digital pictures sent on a monthly basis, and when the work is complete a CD is burned and given to the customer as a permanent record of work done. This is a wonderful sales tool when you decide to sell your boat.

Because we are such a large seller of these type boats, we can assist folks who are thinking of having their boat restored to make an intelligent decision. We see, all too frequently, that boat owners have spent much too much in restoring their boat and they are now "upside down" in terms of fair market value.

We are currently developing an online e-commerce store on our web site with products and items that hopefully will appeal to our customers. We would certainly like to have any input. Any suggestions?

From all of us at Antique Boat Center, we wish you all a happy holiday and a healthy and prosperous New Year!
