Bonnie Jiunta

1956 12' Javlyn

Approximately 2 years ago, Bonnie's father brought us his 1956 12' Javlyn for restoration. His daughter and son decided to have us restore the boat for him as a surprise. After a year long restoration process we completed the job in time for a family gathering. His children truly surprised him. We replaced most of the boat including new sides, bottom, decks, and interior. The motor, which he used for racing in California, was restored by Bob Shapton in Michigan. These pictures show the boat this past August.
