Eric Steiden's 1957 21' Century Coronado

This past winter Eric Steiden brought us his 1957 Century Coronado for some work. He decided on a full refinish of the exterior and new upholstery. The bottom had been fiber glassed over by someone in the past and appeared sound.

Once the refinish began, some issues were discovered under the rear deck so that was replaced.

Eric asked us to locate and install a ladder for him. That posed an interesting name challenge for Sheila, who does our gold leaf work. In typical fashion she did a terrific job and the owners were quite pleased with her effort.

The Antique Boat Center lost a dear friend on July 4th of this year.

Chuck Miklos Sr. was a great supporter of our company and attended many of our company functions. He spoke at many open houses and was always helpful when we had questions on Century Boat particulars.

His friendship with Joel was strong with the two of them laughing over bottom construction debates at every meeting.

His positive attitude and friendly nature was catching to everyone around him.

The leadership and knowledge he shared with his family and the entire boating community will leave a positive mark for years to come.

We keep his family in our thoughts and prayers. Chuck will be missed.
